

**7th International Dermato-Epidemiology Association (IDEA)
Congress and
2nd Keratinocyte Carcinoma Consortium (KeraCon) Meeting**

A Continuing Education Event

Supported in part by the American Cancer Society, Northwestern University Feinberg School of Medicine, CU Cancer Center, CU Department of Dermatology, & the National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS) 1 R13 AR069984-01A1 award

Robert P. Dellavalle, MD, PhD, MSPH

Your Colorado Host

Bob Dellavalle completed a BA/MA in philosophy at UCLA in 1996, and an MD/PhD in molecular biology at the University of Chicago in 1996. He came to Denver to complete dermatology residency and a Masters in Public Health at the University of Colorado. In 2002 he founded the department's Dermatoepidemiology Program. He served as president of the American Dermatoepidemiology Network from 2006 to 2007 and is currently Professor of Dermatology (tenure criteria) at the Colorado School of Medicine. He welcomes you to the Mile High City and to his home institution since 1997! *Enjoy the Congress and thank you for coming!*

Boris D. Lushniak, MD, MPH

Keynote Speaker

Rear Admiral retired (RADM Ret) Boris D. Lushniak, MD, MPH, is currently Professor and Chair of the Department of Preventive Medicine and Biostatistics and Professor of Dermatology, F. Edward Hébert School of Medicine at the Uniformed Services University of the Health Sciences (USUHS) in Bethesda, Maryland. The mission of “America’s Medical School” is to educate, train and prepare uniformed services health professionals to support the Military Health System, the National Security and National Defense Strategies of the United States and the readiness of our Armed Forces. He assumed this position in November 2015 and leads a faculty team that is responsible for medical student education, graduate programs from Masters to Doctorate level, two medical residency programs (Preventive and Occupational Medicine), and the Divisions of Global Health, Occupational and Environmental Health Sciences, Social and Behavioral Sciences, Epidemiology and Biostatistics, Health Services Administration, Tropical Public Health, and the Infectious Disease Clinical Research Program.

Dr. Lushniak was the US Deputy Surgeon General from November 2010 to September 2015, assisting the Surgeon General to articulate the best available scientific information to the public to improve personal health and the health of the Nation. He also oversaw the operations of the U.S. Public Health Service (USPHS) Commissioned Corps, comprised of approximately 6,700 uniformed health officers who serve in locations around the world to promote, protect, and advance the health and safety of our Nation.

Dr. Lushniak served as Acting Surgeon General from July 2013 to December 2014 and was responsible for the release of the 50th Anniversary Surgeon General’s Report on Smoking and Health and the first ever Surgeon General’s Call to Action to Prevent Skin Cancer. From January to March 2015 he served as commander of the USPHS Monrovia Medical Unit in Liberia, the only US government hospital providing care to ebola patients.

Dr. Lushniak began his USPHS career in 1988 in the Epidemic Intelligence Service (EIS) and initially served with the CDC’s National Institute for Occupational Safety and Health (NIOSH) in Cincinnati, Ohio where he conducted epidemiological investigations of workplace hazards. In 1993 he completed a dermatology residency at the University of Cincinnati and established an occupational skin disease program at NIOSH. He also served on assignments in Bangladesh, St. Croix, Russia, and Kosovo, was part of the CDC/NIOSH team at Ground Zero and part of the CDC anthrax team in Washington, DC. In 2004 he transitioned from CDC to the FDA in the Office of Counterterrorism and was appointed FDA Assistant Commissioner in 2005. He was deployed to Hurricane Katrina and also served as the FDA Deputy Incident Commander for the 2009 pandemic response. He was

promoted to Rear Admiral, Lower Half in 2006 and attained the rank of Rear Admiral, Upper Half in 2010.

Dr. Lushniak was born in Chicago to post-World War II immigrants from Ukraine. He was admitted to the six-year Honors Program in Medical Education at Northwestern University and completed his BS degree in 1981 and MD in 1983. In 1984 he completed the MPH degree at Harvard University. He completed a residency in family medicine in 1987 at St Joseph Hospital in Chicago and maintains board certifications in dermatology and preventive medicine (occupational).

A firm believer in leadership by example, Dr. Lushniak also promotes the core messages of the National Prevention Strategy via his active lifestyle. He is an avid long-distance bicyclist, runner and hiker. In 2013, he scaled the summit of the most heavily-glaciated peak in the United States, Washington's 14-thousand foot Mount Rainier and in 2015 bicycled across the state of Iowa. He resides in Rockville, Maryland with his wife Dr. Patricia Cusumano and two daughters Larissa and Stephanie.

Theo Vos, MD, MSc, PhD

Keynote Speaker

Theo Vos, MD, MSc, PhD, is Professor of Global Health at the Institute for Health Metrics and Evaluation (IHME) at the University of Washington. He is a key member of the research team for the landmark Global Burden of Disease (GBD) study, which is coordinated by IHME. In this role, he is working to improve the GBD methods, update sources of data, and develop partnerships with countries and disease experts to produce GBD estimates that are most relevant to policy decision-making. He is also focused on linking the epidemiological estimates from GBD to information on health expenditure and cost-effectiveness.

Dr. Vos received his PhD in Epidemiology and Health Economics from Erasmus University and his medical degree from State University Groningen, both in the Netherlands. He also studied at the London School of Hygiene and Tropical Medicine, where he obtained an MSc in Public Health in Developing Countries.

2016 Scholarship Recipients

Please congratulate these 2016 distinguished scholarship recipients.

SAME Café

27-September-2016

6:00 pm

2023 East Colfax Avenue

Denver, CO 80206

<http://www.soallmayeat.org/>

SAME Café's mission of *servicing good food for the greater good* says it all. Committed to presenting culinary delights to all who walk through the door, it is all about food and community, and not so much about price.

SAME is the 1st nonprofit restaurant in Denver. Its patrons set the price for their mostly local, organic cuisine. If you can give more, please do. If you have a little less, pay what you can. If your pockets are empty, exchange an hour of [volunteer](#) work at SAME for one of the café's mouth-watering meals.

It is the intent of SAME Cafe to build a healthy community by providing a basic need of food in a respectful and dignified manner to anyone who walks through the door.

SAME Cafe is unique in the lack of a set menu as well as set prices. Daily selections are made using fresh, organic ingredients, and funded by the donations of patrons. Instead of a cash register, a donation box is available for one to pay what they felt their meal was worth. Our philosophy is that everyone, regardless of economic status, deserves the chance to eat healthy food while being treated with dignity.

You can also arrange an evening meal or private party at SAME Café. It's an excellent venue for those looking to enjoy an intimate atmosphere with a unique mission. It's a great place for holiday parties, book clubs, corporate meetings, or even wedding receptions – we've had three weddings here that were fabulous! If there's a particular date you have in mind then please email samecafe@gmail.com to schedule or get more details.

KeraCon Business Meeting

Wednesday, September 28, 2016 7:30am-11:30am

Time	Topic
7:30 am - 7:45 am	Welcome Martin A. Weinstock, MD, PhD; Scientific Coordinator and Lead Investigator <ul style="list-style-type: none">• Consortium updates• Membership updates• Sub-committee consolidations
7:45 am - 8:00 am	Funding Opportunities, Consortium Website, and Overview of Data for Pooled Analyses Leah M. Ferrucci, PhD, MPH; Lead Investigator
8:00 am - 9:10 am	Member Presentations - 2-Slides Per Person All KeraCon members in attendance Each KeraCon member will introduce themselves and give a brief overview of the data they wish to contribute or how they would like to be involved if they do not have data.
9:10 am - 9:40 am	Fostering Collaborations and Feedback on Collaborative Grant Submissions Amanda Ewart Toland, PhD; Immunosuppression/Transplant Sub-Committee Leader
9:40 am - 9:50 am	Break
9:50 am - 10:20 am	Potential Consortium-Wide New Projects Adele Green, PhD; Steering Committee Member Leah M. Ferrucci, PhD, MPH; Lead Investigator
10:20 am - 10:45 am	Sub-Committee Meetings (Part 1) Sub-Committee Leaders Sub-Committees are also encouraged to meet separately during the rest of the meeting.
10:45 am - 11:10 am	Sub-Committee Meetings (Part 2) Sub-Committee Leaders
11:10 am - 11:30 am	Sub-Committee Meetings (Part 2) Sub-Committee Leaders

Moderators

Day	Moderator(s)	Time
September 28	Adele Green and Marty Weinstock	1:00 PM - 2:50 PM
	Jan Nico Bouwes Bavinck and Leah Ferrucci	3:05 PM - 6:15 PM
	Robert Dellavalle	6:15 PM - 7:15 PM
September 29	Eleni Linos and Maryam Asgari	8:00 AM - 11:15 PM
	Joel Gelfand and Jonathan Silverberg	1:00 PM - 2:30 PM
	Junko Takeshita and Michael Ming	3:15 PM - 5:15 PM
September 30	Tamar Nijsten and Scott Norton	8:00 AM - 10:00 AM
	Sinead Langan, Eliot Mostow, and Esther Freeman	10:15 AM - 12:15 PM

JOINT IDEA CONGRESS-KERACON CONFERENCE PROGRAM

28-SEPTEMBER-2016: DAY 1

LAST NAME	FIRST NAME	START TIME	END TIME	TITLE
KeraCon Business Meeting		7:30 AM	11:30 PM	<i>See KeraCon Business Meeting Schedule</i>
Arron Torres Burgos Karimkhani Carlson	Sarah Carla Arelis Chante Ekama	12:15 PM	12:45 PM	Work-Life Balance & Diversity in the Dermatology Workforce
Working Lunch		12:00 PM	1:00 PM	Check in & Registration
BOUWES BAVINCK	JAN NICO	1:00 PM	1:30 PM	Human papillomavirus infection and squamous cell carcinoma in organ transplant recipients
CHREN	MARY-MARGARET	1:30 PM	2:00 PM	Studies to inform the improvement of care for keratinocyte carcinomas using outcomes research, comparative effectiveness research, and epidemiology
ASGARI	MARYAM	2:00 PM	2:30 PM	GWAS of SCC
KUMAR	RAJIV	2:30 PM	2:50 PM	Somatic mutations and KC

Break		2:50 PM	3:05 PM	
MADELEINE	MARGARET	3:05 PM	3:25 PM	Medication use and KC after organ transplantation
TOLAND	AMANDA	3:25 PM	3:55 PM	Frequent somatic mutations of chromatin remodeling genes in metastatic cutaneous squamous cell carcinoma
WEINSTOCK	MARTIN	3:55 PM	4:25 PM	Chemoprevention of KC using 5-FU Primary results of the VAKCC trial
WHITEMAN	DAVID	4:25 PM	4:55 PM	The burden of keratinocyte cancer: occurrence, multiplicity and predicting risk
Break		4:55 PM	5:15 PM	
GREEN	ADELE	5:15 PM	5:45 PM	Cigarette smoking and risk of KC
ARRON	SARAH	5:45 PM	6:15 PM	Trends of skin cancer incidence following transplantation in the United States
LUSHNIAK	BORIS	6:15 PM	7:15 PM	Grand Conference Overview & Welcome Reception "Preventing Skin Cancer"

JOINT IDEA CONGRESS-KERACON CONFERENCE PROGRAM

Marlies	Wakkee	Epidemiology of lentigo maligna and lentigo maligna melanoma in the Netherlands, 1989 – 2013	4:51 PM	5:03 PM
Martijn	Sanders	Dermatological screening of an elderly population: the Rotterdam Study	5:03 PM	5:15 PM

Social Programme

City Park Pavillion

Part of the “City Beautiful” campaign at the beginning of the 20th century, the Pavilion was designed by John Humphreys and William Fisher, and completed in 1882. The original structure was replaced in 1929, and refurbished in 1992. Surrounded by the picturesque Sopris garden, Ferril Lake, and the historic City Park Band Shell, the Pavilion offers a variety of breathtaking views and photo opportunities. This elegant Spanish-style landmark features towers and arches, and is nestled in front of the awe-inspiring Denver skyline. The City Park Pavilion is the signature Denver venue. The City Park Pavilion is on the US National Register of Historic Places and Colorado State Register of Historic properties.

IDEA-KeraCon Theme Song

Written by Williams the Skin, performed by Jim Sheckels live

Chorus:

Now grow straight O tree of dermatology
Not so bent with reductionist biology
What can we learn from epidemiology? EDEN has the answer

Verse 1:

EDEN has grown from many friends
Collaboration's the message that it sends
Finding out causes of many skin complaints
From Oslo to Bucharest, the work never ends
Chorus

Verse 2:

Words like EVIDENCE makes EDEN tick
Words like ANECDOTE may EDEN members sick
EDEN relishes in critical review
But clinical entropy is not so slick
Chorus

Verse 3:

The tree of EDEN now grows strong
To such an extent, we even made a song
But one thing we will pledge to do
Is recognise when we may be wrong
Chorus

(New verse for 20th anniversary)

EDEN is now past 20 years old
We still keep going and our work is just as bold
If you are interested in truth and science
We welcome you to join our fold
Final Chorus

IDEA-KERACON CONFERENCE 2016 ACCEPTED ABSTRACTS

No.	AUTHOR(S)	ABSTRACT TITLE
1	JULIA A SIEGEL, JOANNA L WALKER, MONIYKA SACHAR, ROBERT A LEW, SUEPHY C CHEN, SUSAN M SWETTER, ROBERT P DELLAVALLE, GEORGE P STRICKLIN, MARTIN A WEINSTOCK	ACTINIC KERATOSES PROGRESS MORE QUICKLY TO SQUAMOUS CELL CARCINOMA THAN BASAL CELL CARCINOMA
2	BRITTANY URSO, KATELYN UPDYKE, JAMES A. SOLOMON	ADVANCED BASAL CELL CARCINOMAS APPEAR PREFERENTIALLY ON THE SCALP OF PATIENTS WITH BASAL CELL CARCINOMA NEVUS SYNDROME
3	ROBERT KANTOR, ASHLEY KIM, JACOB THYSSEN, JONATHAN I SILVERBERG	ASSOCIATION OF ATOPIC DERMATITIS WITH TOBACCO SMOKE EXPOSURE: A SYSTEMATIC REVIEW AND META-ANALYSIS.
4	STEPHANIE CHAPMAN, KURT ASHACK, ERIC BELL, MYRA ANN SENDELWECK, ROBERT DELLAVALLE	ASSOCIATIONS BETWEEN INDOOR TANNING AND RISKY HEALTH-RELATED BEHAVIORS AMONG HIGH SCHOOL STUDENTS IN THE UNITED STATES
5	CHELSEA ANDERSON, BRENDA CARTMEL, SUSAN T. MAYNE, LEAH M. FERRUCCI	ATTITUDES AND PREDICTORS OF SUNLESS TANNING IN A SAMPLE OF YOUNG ADULTS
6	BRITTANY URSO, KATELYN UPDYKE, JAMES A. SOLOMON	BASAL CELL CARCINOMA NEVUS SYNDROME: POPULATION OF PATIENTS NEGATIVE FOR CHROMOSOME 9 MUTATIONS
7	YANCHANG ZHANG, BRENDA CARTMEL, COURTNEY C. CHOY, ANNETTE M. MOLINARO, DAVID J. LEFFELL, ALLEN E. BALE, SUSAN T. MAYNE, LEAH M. FERRUCCI	BODY MASS INDEX, HEIGHT AND EARLY-ONSET BASAL CELL CARCINOMA IN A CASE-CONTROL STUDY
8	JEAN CLAUDE DUSINGIZE, CATHERINE M OLSEN, NIRMALA PANDEYA, BRIDIE THOMPSON, RACHEL E. NEALE, PADMINI SUBRAMANIAM, DAVID C WHITEMAN, ADELE C GREEN	CIGARETTE SMOKING AND THE RISKS OF INCIDENT BASAL CELL CARCINOMA AND SQUAMOUS CELL CARCINOMA IN A LARGE POPULATION-BASED COHORT STUDY

9	DEREK Y HSU	COMORBIDITIES OF HOSPITALIZED PEMPHIGUS PATIENTS IN THE UNITED STATES
10	L.M. PARDO, R.J.T. VAN DER LEEST, E. DE VRIES, I. SOERJOMATARAM, T. NIJSTEN, L.M. HOLLESTEIN	COMPARING SURVIVAL OF PATIENTS WITH SINGLE OR MULTIPLE PRIMARY MELANOMA IN THE NETHERLANDS: 1994- 2009
11	COURTNEY CHOY, BRENDA CARTMEL, RACHEL CLARE, LEAH M. FERRUCCI	COMPLIANCE WITH INDOOR TANNING LAWS FOR MINORS AMONG SALONS AND BUSINESS IN THE UNITED STATES
12	MACKENZIE R. WEHNER, KEVIN T. NEAD, ELENI LINOS	CORRELATION BETWEEN CANCER INCIDENCES AND GOOGLE SEARCHES IN THE UNITED STATES

Maps and Directions:

From Springhill Suites to Anschutz Medical Campus: click [here](#)**From Anschutz Medical Campus to Denver City Park Pavilion:** click [here](#)

Posters:

What day do I put up my poster?We would prefer you to leave your poster up the entire time of the conference. If you need to leave the conference early, we can make arrangements to have the poster returned to you.

What if I already printed my poster?It is fine if you already printed your poster in either landscape or portrait orientation.

Can I have the poster printed in Denver?If you need to have us print your poster for you, please contact us ahead of time. There will be a \$60 fee to have them printed.

Visiting Denver:**What is the altitude of Denver?**

Denver is known as the “mile high city” because it is located at 5280 ft (~1609 m).

What can I do to prepare for the high altitude?

Drink plenty of fluids, avoid alcohol, and eat regularly. People with underlying heart or lung diseases should contact their physicians before traveling to high altitudes. Because of the high cost of healthcare in the US, we highly recommend that visitors obtain travel and health insurance coverage.

For more information on altitude awareness, please consult the following website: <http://www.denver.org/about-denver/facts-info/high-altitude-tips/>

Can I bring family or friend? Absolutely! The Denver Metro Area has many great things to enjoy including tours at site-seeing:

[Celestial Seasonings factory](#)[Microbrewery tours](#)

[Hammond's Chocolate Factory](#)

Our social program will include a band and catered dinner at the [Denver's City Park Pavilion](#). Each additional guest is \$45.

What is there to do in Colorado & Denver? Denver, the Mile High City, is know for it's microbreweries, outdoor activities, and wineries. If you would like assistance finding places to go or things to do, please email Jodi.Duke@ucdenver.edu for assistance.

Where do I start?

[5280 Magazine](#)

[Colorado Tourism](#)

[Denver Post](#)

[National Park Service](#)

Others:**Will there be childcare?**

We will set up child care for you during the meeting hours if requested at time of registration.
